ANNUAL  
GENERAL MEETING 2015

## Welcome To Malaysia

"It will take a lot to outdo our 2014 Budapest meeting but that is exactly what we plan to do.

This year we expect to have the largest attendance any AON event, bar none. We will make more memories. We will make more business partners. And the meeting will cap off a new high for our group. You can expect this year to be history in the making. I'm telling you, you don't want to miss it. Opportunity won't knock at our

AGM. The door will already be open.

I know that you want to be a part of this experience as well. Most of the important gains that come from membership in a logistics network comes from the AGM. To invest in seeing the old partners and meeting the new partners is probably the best use of your time and money that you will make this year. And it will pay dividends to your company in new business and new friendships for years and years to come. We have chosen a great location and a great hotel to provide the very best atmosphere for you and the other members to fill up your sales pipelines and to enjoy the entire process. Do make your plans to be with our entire team today.

I know I am speaking for my whole team when I say that we look forward to seeing you at the AGM!"

**Gary Dale Cearley**  
Executive Director

## About Malaysia

To know Malaysia is to love Malaysia - a bubbling, bustling melting-pot of races and religions where Malays, Indians, Chinese and many other ethnic groups live together in peace and harmony. Our multiculturalism has made Malaysia a gastronomical paradise and home to hundreds of colourful festivals. It's no wonder that we love celebrating and socialising. As a people, Malaysians are very relaxed, warm and friendly.

Geographically, Malaysia is almost as diverse as its culture. 11 states and 2 federal territories (Kuala Lumpur and Putrajaya) form Peninsular Malaysia which is separated by the South China Sea from East Malaysia which includes the 2 states (Sabah and Sarawak on the island of Borneo) and a third federal territory, the island of Labuan.

One of Malaysia's key attractions is its extreme contrasts which further add to this theme of 'diversity'. Towering skyscrapers look down upon wooden houses built on stilts while five-star hotels sit just metres away from ancient reefs.

Rugged mountains reach dramatically for the sky while their rainforest-clad slopes sweep down to floodplains teeming with forest life. Cool highland hideaways roll down to warm, sandy beaches and rich, humid mangroves.
