Welcome to Cape Town

“

I am pleased to announce that this year's AerOceaNetwork Annual General Meeting 2013 will be held at the Hilton Hotel in Cape Town, South Africa in November!

The AGM's are an important part of the networking process. This yearly event is an opportunity to meet your global partners face to face, all under the same roof! This provides you with a chance to meet with those companies you have been doing business with and discuss your development plans for the coming year. It is also a great platform to showcase your company's services to those members you may not be familiar with yet.

The past 12 months have seen many new members joining our group! For member's who have recently joined the group, it is especially important as this is your first chance to meet all the other members in person and begin building those relationships that will last for years to come!

In addition to meeting with your fellow AON members, this year's meeting will be held jointly with SuperCargoPros' event, SCP Africa 2013. This further extends the benefit of your attendance as it allows you to meet with many non-member companies also that you may not have had the opportunity to come across otherwise.

Please make sure you register your attendance as soon as possible so you can begin planning your meetings with other members and decide what markets/companies would be of the most relevance to your long term plans.

I look forward to seeing you all in Cape Town!

About Cape Town

Cape Town is the second-most populated city in South Africa after Johannesburg, and the provincial capital of the Western Cape. As the seat of the National Parliament, it is also the legislative capital of the country. It forms part of the City of Cape Town metropolitan municipality. The city is famous for its harbour as well as its natural setting in the Cape Floral Kingdom, as well as such well-known landmarks as Table Mountain and Cape Point. Cape Town is also Africa's most popular tourist destination.

Located on the shore of Table Bay, Cape Town was originally developed by the Dutch East India Company as a victualling (supply) station for Dutch ships sailing to Eastern Africa, India, and the Far East. Cape Town quickly outgrew its original purpose as the first European outpost at the Castle of Good Hope, becoming the economic and cultural hub of the Cape Colony. Today it is one of the most multicultural cities in the world, reflecting its role as a major destination for immigrants and expatriates to South Africa.
