About the Inc. 5000 Now in its seventh year, the Inc. 5000 is the most comprehensive portrait of America's fastest-growing private companies assembled anywhere. Each profile is reported by one of the dozens of writers assigned to the project. Many firms are innovators with little coverage elsewhere; many others are using their cutting-edge savvy to grow their market share in traditional products and services, and are similarly underreported by the rest of the business media.
